MUST PAY THE EXTRA DOLLAR LAW DEMANDS

Even though this is the second year in which an extra fee is charged to those dog owners who do not register their animals before May 1, there are many who are not doing so. During the past few days several women have informed Town Clerk Weber that for years they made it a point to pay their dog taxes at the same time they paid their real estate tax. Several women declared to the town clerk that they thought they were responsible for a dog tax if the dog was not registered and they did not want to make two trips to the city hall, one in April to save a dollar upon their dog tax, and then again in May to pay their real estate taxes.

Mr. Weber told them that the law was one made by the legislature and there was no possible way that he could change it.

TWO GIRAFFES SHOT BY COL. ROOSEVELT AT 400 YARDS

IN HIS HUNT FOR AFRICAN GAME BWANA TUMBO ALSO KILLED A LEOPARD, BUFFALO AND CAPTURED TWO LEOPARD CUBS—ASSORTMENT OF GAME NOW STANDS AT 17 SPECIES.

(By Warrington Dawson, Staff Correspondent of the United Press.)

Nairobi, British East Africa, May 12.—Two giraffes, one leopard and one buffalo killed and two leopard cubs captured are the latest additions to Colonel Theodore Roosevelt's hunting trophies, according to messages that came from Machakos today. The giraffes were shot late yesterday and Mr. Roosevelt's delight at his success was accentuated by the fact that for more than a week he had been on a vain quest for this elusive game. He had had several long distance shots at giraffes but not until yesterday did he get within possible range.

One of the giraffes that fell yesterday was shot at a distance of 400 yards and while galloping at full speed. Those in the party declared that it was the best shot Bwana Tumbo had made, not excepting his feat on Sunday last when he dropped a charging rhinoceros bull when it was almost upon him.

The giraffes and buffalo were both new additions to Mr. Roosevelt's assortment of game which now stands at seventeen species. The buffalo was a fine specimen and was shot by the Colonel just as it was breaking through the underbrush into the clearing. All of yesterday's hunting was done a few miles south of Machakos. The disposition to be made of the two cubs has not been decided upon. Mr. Roosevelt would undoubtedly take them home with him but they are rather plentiful and he will probably wait until later in his hunt before bothering with live game.

The vessel never reached its destination, and he and his wife were given up for dead.
